

IMPACT SCHOLARS PROGRAM

MENTOR AN IMPACT SCHOLAR

We're looking for Boise State University faculty, staff and alumni from a variety of fields, experiences, and interests to mentor current and new students in the Impact Scholars Program.

WHAT WE DO...

Impact Scholars Program serves students who were formerly in foster care. We help them enroll in higher education, stay in school, and earn a degree. The program engages, supports, and equips scholars to take ownership of their college experience and embark as authors of personal and community change. Support comes through the Office of the Dean of Students in the Division of Student Affairs and Enrollment Management.

YOUR COMMITMENT AS A MENTOR

- ✓ Attend mentor orientation
- ✓ Connect with your scholar weekly
- ✓ Be a supportive adult and role model

INTERESTED?
