About Boise State

Welcome to Boise State University, Idaho's metropolitan research institution. You are now a member of the Bronco family! This section of the handbook includes information about characteristics that make Boise State distinct, such as its history, location and traditions.

History

Boise Junior College was founded in 1932, the height of the Great Depression, by Bishop Middleton S. Barnwell. In its first year, the college had 70 students and fourteen faculty members. Boise Junior College was governed by the Episcopalian Church until 1934. The school became Boise College in 1965, when it began offering four-year baccalaureate degrees, and became Boise State College in 1969. Boise State College then gained university status in 1974, and became Boise State University. Boise State is now the largest university in Idaho, with over 20,000 students from all 50 states and 65 different countries.

Faculty

Boise State professors have been recognized with numerous awards and honors. The award-winning faculty includes Idaho Environmental Educator of the Year, national Marketing Educator of the Year and Idaho Nurse of the Year for Academic Education. Boise State has also had eleven Idaho Professor of the Year honorees since 1990. Our faculty provides expert commentary for the NBC Today show, New York Times, Washington Post and USA Today. They also serve as consultants internationally at The Hague, the Chinese National Academy of Sciences and the United Nations.

Research

A talented and dynamic faculty, with credentials from top research institutions and with distinguished backgrounds in industry, has fueled our progress as a metropolitan research university of distinction. Undergraduate, master's and doctoral students work alongside faculty in vital research areas such as sensor development, geochemistry and geophysics, public and health policy, novel materials, biomolecular studies and nanoelectronics. Our research programs are supported by

significant and increasing external funding from federal and state agencies, and from private businesses and industries. The university's growing intellectual property portfolio has great potential for commercial development and technology transfer.

Location

Boise, the City of Trees, is Idaho's state capital and the third largest metropolitan area in the Northwest United States. A city of great variety, Boise boasts numerous recreational, cultural and business opportunities. Just a short distance from the Boise State campus, students can enjoy an array of outdoor activities, including hiking, camping, fishing, hunting, river rafting and skiing. Boise also offers cultural events, such as the Idaho Shakespeare Festival, performances by the Boise Philharmonic and Ballet Idaho and the Gene Harris Jazz Festival. Also, a footbridge adjoins the campus to Julia Davis Park, where the Boise Art Museum, Idaho State Historical Museum, and Zoo Boise are located. The Boise economy is based on high technology, agricultural products, tourism, government agencies, and manufacturing. We hope you will enjoy all that the Boise community has to offer!

Symbol

The B logo represents the university's location in the city of Boise and the Bronco nickname. Both of the official blue and orange school colors are represented in the mark. The Garamond and Gotham Black typography bring a modern clarity to the identification and a consistent presentation among all the colleges, departments and units. The forward-moving B demonstrates our personality traits of determination, strength, character and community.

Mascot

The mascot was selected by a group of students in 1932. They chose the Bronco because wild horses could be found near Boise, many students rode horses at the time, and because of the prevalence of farming and ranching in the Boise area. Coaches, administration and students approved the choice, and the Bronco became the official mascot. The Bronco is now named Buster. Buster Bronco placed third in the 2007 Sports Illustrated Power Mascot Ranking and was selected for the seventh annual Capital One All American mascot team in 2008.

Colors

Boise State's school colors were also selected in 1932. The students decided on orange and blue because they wanted colors that were different from the colors of their rivals in the region. Students proudly wear the orange and blue to show their Boise State spirit.

Fight Song

Go Orange, Go Big Blue, Fight, Fight, BSU
Fight Broncos celebrate the orange and blue
Boise will stand and cheer for BSU
Fight for distinction and our alma mater
bravely defending BSU
Fight on Courageously for Boise State
Success and Honor make her great (B S U)
Boise's proud tradition heads up competition
Glory for B - S - B - S - U
Go! Orange! Go! Big! Blue!
Fight! Fight! B-S-U!

Boise State University Statement of Shared Values

Boise State University is committed to personal and social development, educational excellence, and civic engagement. Membership in the campus community is a privilege and requires its members to conduct themselves ethically with integrity and civility. Campus community members enjoy the same rights and freedoms that all U.S. citizens enjoy, including personal responsibility for one's own conduct, behavior and speech.

In a culture of intellectual inquiry and debate, where the search for knowledge and discovery flourish, campus community members are expected to demonstrate civility, abide by norms of decorum, and adhere to the principles of civil discourse. "Being civil means being constantly aware of others and weaving restraint, respect and consideration into the very fabric of this awareness," (Forni, 2002, p. 9).

Higher education has the duty to educate students to be responsible citizens. Boise State strives to provide a culture of civility and success where all feel safe and free from discrimination, harassment, threats or intimidation.

Boise State University upholds the following values as the foundation for a civil and nurturing environment. Campus community members are expected to adhere to these common values (Josephson, 2002).

Academic Excellence – engage in our own learning and participate fully in the academic community's pursuit of knowledge.

Caring – show concern for the welfare of others.

Citizenship – uphold civic virtues and duties that prescribe how we ought to behave in a self-governing community by obeying laws and policies, volunteering in the community, and staying informed on issues.

Fairness – expect equality, impartiality, openness and due process by demonstrating a balanced standard of justice without reference to individual bias.

Respect – treat people with dignity regardless of who they are and what they believe. A respectful person is attentive, listens well, treats others with consideration and doesn't resort to intimidation, coercion or violence to persuade.

Responsibility – take charge of our choices and actions by showing accountability and not shifting blame or taking improper credit. We will pursue excellence with diligence, perseverance, and continued improvement.

Trustworthiness – demonstrate honesty in our communication and conduct while managing ourselves with integrity and reliability.

Academic Advising

Academic Advising is important to your success at Boise State. An advisor can help you outline a college program to reach your goals by giving you information about degree programs, courses, campus resources, college policies/procedures, and career opportunities. If you are an undergraduate student pursuing an academic degree, you can view and change your major or minor on [my.BoiseState](#). If you already have selected a major, contact your academic department to connect with an advisor. If you have not yet chosen a major, you can work with an advisor from [Advising and Academic Support Center](#) which is located on the first floor of the [Simplot-Micron Advising & Success Hub \(SMASH\)](#), (208) 426-4049.

Academic Appeals

Students have the right to appeal an academic policy or requirement. Appeal forms are available either online through the Registrar's Office [webpage](#), or in-person at the Registrar's Office, Admin Building, Room 110. For questions, call (208) 426-4129. The decision to approve or deny the appeal will be based on the following conditions:

- Extenuating circumstances make it impossible for the student to comply with the policy or requirement.
- An undue hardship on the student would result from a strict application or interpretation of the policy or requirement.
- NOTE: Extenuating circumstances must be beyond the student's control and the undue hardship must be a condition far more serious than simple inconvenience.

Academic Calendar

The calendar lists important dates and deadlines for the academic year. Be sure to consult the Deadline by Session grid, as many deadlines will vary by session. The calendar is also where you'll find the final examination schedule. The current and upcoming semesters' academic calendar is available from the [Registrar's website](#).

Academic Grievances (Policy #3140)

Students have the right to appeal an academic policy or requirement. The spirit behind the policy is for a student to have recourse for a situation when they feel they have been treated unfairly. The goal is to address "unfair treatment" that does not fall into other categories (e.g., discrimination based on a protected class). The policy, including the procedure for submitting an academic grievance, may be found at [Undergraduate Appeals](#) or by contacting the Office of the Vice Provost for Undergraduate Studies at (208) 426-4062.

Albertsons Library

If you need it for coursework or projects - we have it or can get it for you! Albertsons Library has the largest computer lab on campus and a wide variety of study areas both quiet and for group work. The Library is home to a large collection of books, journals, maps, government documents and technology for use in-house, online and check out. Need to charge your mobile device? We have a cord for that! Need to create presentations slides or edit images, audio and video? You can do that here. Want to print something in 3D? We have that too. For more information, including hours, services and resources, visit [Albertsons Library](#).

Student Appeals

Students have the right to appeal any academic policy or requirement. The decision to approve or deny the appeal will be based on the following conditions:

- Extenuating circumstances that make it impossible for the student to comply with the policy or requirement.
- An undue hardship would result from a strict application or interpretation of the policy or requirement.

However, the extenuating circumstances must be beyond the student's control and the undue hardship must be a condition far more serious than simple inconvenience. Documentation is required and the timeliness of the appeal will be taken into consideration. It is important to remember that it is **extremely** rare for an appeal to be approved solely on the basis of potential repercussions resulting from the enforcement of a particular policy or deadline date. Rather, appeals are approved on the basis of the severity of the extenuating circumstance that prevented the student from following University policies or meeting deadlines.

Students will generally want to follow the steps outlined below to resolve issues they may experience:

Resolving Various Issues	
Issue with a Class	Contact the faculty member first to see about resolution. If unable to come to resolution, contact the department chair. If still unable to reach resolution, contact the Associate Dean of the college the class is in. Can also contact the Provost's office for further direction.
Issue with an Internship	Contact the internship liason or program coordinator for the department/area in which the internship is through.
Issue with On-Campus Living / Roommates	Contact your Resident Assistant (RA) first to let them know about the issue. If unable to resolve, contact the Resident Director (RD) for the hall you live in (reach the RD by contacting the front desk of your hall). Can also contact Housing and Residence Life at (208) 447-1001 for direction.

1. University Academic Appeals: The University Academic Appeals Committee (UAAC) is the final arbiter in the process of requesting an exception to academic policy.

Types of Appeals

- Early reinstatements after academic dismissal.
- Add classes or register after the 10th day deadline.
- Extension of Incomplete grades.
- University-wide academic policy exceptions (e.g., extension of time allowed to graduate under a certain catalog; waiver of the last 30 credit requirement; and other unusual appeals or requests that do not relate to major requirements).
- Drop a class or completely withdraw **after a semester has ended.**

The University Academic Appeals Committee meets weekly. Appeal forms are available online at registrar.boisestate.edu or at the Registrar's Office, A110, Administration Building. Students must have their completed appeal into the Registrar's Office by 5:00 p.m. the Friday prior to the meeting in which it will be reviewed. The Committee will review an appeal one time only; re-appeals are not accepted. It is imperative that students submit all the information they wish to have reviewed in their initial request and provide documentation of extenuating circumstances beyond their control that justify the exception to policy.

2. Student Fee Appeals: The Student Fee Appeals Committee deals with all appeals for refunds and waiver of fees when students drop or completely withdraw after the refund deadline or have

missed the deadline for cancellation, late fee appeals, and appeals for student health insurance waivers. Students must provide documentation of extenuating circumstances beyond their control that justify an exception to the refund/cancellation policy.

Fee appeal forms may be obtained in the Account Maintenance Center or Payment and Disbursements, A101, or online at <http://vpfa.boisestate.edu/process/uformsdocs/uvappeal.pdf>.

3. Special Admissions Appeals: The Special Admissions Committee deals with all appeals relating to student admission. Students may file an appeal for special consideration if unusual or extenuating circumstances prevented them from meeting the admission standards, meeting the application deadline, from meeting the requirements of provisional status, for continuing provisional status, or to request early consideration for degree-seeking status. Students should provide any documentation of the situation. Forms should be picked up and returned to the office of Admissions, 1700 University Drive, Boise, ID 83725-1320 (west end on the first floor of the Student Union between the Information Desk and the Special Events Center). Call (208) 426-1156.

4. Financial Aid Appeals:

- **Satisfactory Academic Progress (SAP) Appeals:** Students who do not meet all of the satisfactory academic progress standards are not eligible for financial aid until they bring their performance within the minimum standards. When extenuating circumstances exist, it is appropriate for a student to complete and submit to the Financial Aid Office the [Satisfactory Academic Progress \(SAP\) Appeal Form](#). The appeal must include a written explanation of the extenuating circumstances and supporting documentation. Students completing appeals must meet with an academic advisor to develop a plan for success. If an appeal is approved, the student will typically receive aid for one semester only and performance conditions will be established. Those performance conditions will need to be met before subsequent aid is disbursed.
- **Other Financial Aid Appeals:** There are various unusual or unforeseen circumstances relating to financial aid eligibility that give reason for a student to submit a Special Conditions form. Examples include an unexpected loss of income or unusually high medical costs incurred within the aid year. Special Conditions forms are available from the Financial Aid Office or online at <https://financialaid.boisestate.edu/forms/>. Forms must be submitted with a written explanation and supporting documentation.
- **Scholarship Appeals:** Students who fail to meet eligibility criteria to renew their scholarships may submit an [Scholarship Appeal Form](#) if there are extenuating circumstances that negatively impacted their academic record.

5. Residency Appeals: Students who wish to appeal their out-of-state residency status must do so in writing to the Residency Appeals Committee. They must specify why they believe they have met the residency criteria and on what basis they should be given residency. A Residency Information Form must accompany the student's letter and any documentation. Students submit the completed appeal to the Residency Coordinator in the Registrar's Office. The form and residency criteria are available in the Registrar's Office, A110, (208) 426-4249, or online at [Student Forms](#). Students must have applied for admission to the university before making an appeal.

6. Appeals to Drop a Class After the Deadline: (Note: appeals for dropping all courses are described in Section 7 found below.) If students need to drop a class in a current semester after the deadline, but **before the end of the semester**, they must appeal to the instruction and the Associate Dean of the College of the course. The student must make an appeal in writing and provide documentation of extenuating circumstances that would justify an exemption from the deadline

policy. The student must also complete the "Requesting Approval to Drop a Course After the Deadline" form (signed by the instructor and the Associate Dean). Once the student receives all required signatures, the student must submit the form to the Registrar's Office, A110, for processing. Click on [Student Forms](#). Please note, if the class you are dropping is the only class you are taking for the semester, please see Section 7 found below.

7. Appeals to Completely Withdraw After the Deadline: If a student needs to completely withdraw (drop all courses) after the deadline, but **before the end of the semester**, the student must appeal through the Office of the Dean of Students. Students seeking academic withdrawal after the drop deadline must provide documentation of the extenuating circumstances beyond their control that prevented them from both completion of their courses and from withdrawing by the established deadline. **Even if the student is only registered in 1 credit and is dropping that class, it is considered a complete withdrawal.** Please go to <http://deanofstudents.boisestate.edu/studentwithdrawal> for withdrawal information and the appeal form).

8. Appeals to Change a Grade: If a student would like to dispute a grade, they must first consult the course instructor. If the issue is not resolved, the student should contact the department chair. If the situation is still unsettled, they should contact the associate dean of the college that oversees the department. If the grade dispute is unresolved after going through this process, the student may contact the Vice Provost for Undergraduate Studies for further guidance at (208) 426-4062. The Office of the Provost/Vice President for Academic Affairs is located in the Administration Building, Suite 202.

Note: This process is often confused with appealing to drop a class after the semester has ended and the desire to change an "F" grade to a "W." If a student needs to drop a class, please follow the process listed in item 6 above.

9. Parking Appeals: Students, faculty, and staff have the right to appeal any parking citation believed to be issued in error.

The complete parking appeals policy is available at [Transportation and Parking](#). Please note the deadlines stated on the website. Failure to meet these deadlines may result in forfeiting the right to appeal a citation.

To initiate an appeal of a Boise State parking citation, drivers must fill out the [Parking Appeals Form](#) accurately and completely. Failure to provide complete information may result in the appeal being denied. Please be as specific as possible and include any information you wish to have considered during the appeals process. Additional information will not be accepted after the decision has been made.

You have the right to request an independent review of the appeal decision by the Appeals Review Board if the first appeal has been denied. TPS must receive a written request for the Appeals Review Board review within ten (10) working days of the written notification. The written request must be accompanied by payment of the fine in full or no review will be scheduled. Written notification of the Appeals Review Board's decision will be sent within five (5) working days of the review. In the event that the Appeals Review Board reverses the initial appeal, the University will process a refund check.

Contact Transportation and Parking Services in the Transit Center located on the first floor of the Student Union Building or at (208) 426-PARK (7275).

10. Housing Appeals: Students are permitted to petition for release from their housing agreement. If a student provides adequate information and a compelling reason for having the housing agreement revoked, their petition will be heard. The process for petitioning release is as follows:

- The student meets with their resident director to discuss their situation and to complete a petition form.
- Student submits the petition form, including all pertinent and supporting information to the resident director.
- The resident director reviews the student's written petition and makes a recommendation to the Housing Petition Committee.
- The Housing Petition Committee reviews each petition to make a ruling, followed by written notification to the student of the outcome.
- Circumstances that could result in a successful petition include unforeseen financial hardship; a health condition that is adverse to successfully residing on campus; transfer to another institution; withdrawal from Boise State University for reasons other than transferring; change in marital status; military service; religious service commitment; or other unanticipated circumstances that do not permit the student to continue as a residential student.
- Students who successfully petition to have their housing agreement revoked forfeit their original housing deposit and are assessed a \$400 agreement release fee.
- The Petition Committee's decision to reject or grant a petition is final.

Students are permitted to appeal housing fees by following the University's fee appeal process (see Section 2 found above). Fees subject to appeal include charges for room damages, late fees for failure to make payments according to due dates, and the \$400 agreement release fee.

Student/University Personnel Conflicts

When conflicts arise between students and university personnel, if it is safe to do so, students should first present their complaint to the university employee concerned. If no solution is reached, the complaint should be taken to the appropriate department head or supervisor (or to the unit head or dean of the appropriate college/administrative unit).

If the complaint is against a dean or unit head, it should be presented to the appropriate vice president. The complaint should be presented to and addressed by the appropriate university officials within a reasonable amount of time. For more information on how to handle these situations, or for direction or advocacy, please call the Office of the Dean of Students at (208) 426-1527.

Note: This process does not pertain to discrimination grievances or sexual harassment grievances covered by Policies 1060, Nondiscrimination and Anti-Harassment, or 1065, Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking, or Academic Grievances addressed in Policy 3140.
